2 The applicant bases his Request on the reply of Govt to Subject No 214 ~~of 1909~~ of the Representative Assembly Pros of 1909 which is quoted below.—

Summary of discussion

It is understood that Govt intend to appoint a German Professor of Sanskrit in the Maharaja's College No such appointment should be made and such Professorships should be thrown open, if necessary, for competition among local people."

Reply of Govt—

The assumption is utterly unfounded. The Subject should not have been brought before the Assembly If Suitable local candidates are available they will be sent to Germany to study Comparative philology etc according

to Western methods?

3 There is no provision in the current year's Budget for meeting the cost of such scholarships, if any.

From Do - Petition 24/9/09 on the subject

4 The Govt of India have recently sanctioned some scholarships for the higher study of Sanskrit, by students in Western Universities (Germany) & recently some scholars have been selected & sent. It seems desirable to encourage some young men of means to take up a similar study & the applicant who is an MA in Sanskrit seems to be well qualified for a scholarship.

5 If no funds can be found this year a scholarship may be given next year so that the scholar may join the university selected in Oct. next

Office of the Inspector General of
Education in Mysore, Bangalore,
13th January 1910

Dear Sir,

With reference to your D O letter No 5868 dated 12th instant, I think that for the teaching of Sanskrit in the Maharaja's College under the new regulations of the Madras University it will be advisable to have at least one member of the staff who has qualified in Europe, and a knowledge of German would be an additional qualification

The staff in Sanskrit as approved by Government (No 9876-80-Edn 324-06-9 dated 30th March 1908) will consist of one Senior Professor on Rs 500-1000 and one Junior on Rs 200-300, and it was generally understood that a European was to be brought out for the Higher appointment But Government in their Reply to Question 214 of the Representative Assembly 1908 intimated that it is their intention to send qualified local men to Germany to study Sanskrit there

The applicant Mr A Venkatasubbaiya was a student of the Maharaja's College for several years and keenly

keenly interested in the study of Sanskrit He has taken his M A in Sanskrit, and is therefore in a position to benefit from the lectures on that subject Of course his ignorance of German will be an obstacle, but there is no reason why he should not overcome the difficulty, particularly if he is given a reply early so as to enable him to study the language in the country a few months before the beginning of the University Term. I think that he has sufficient strength of character to resist the temptations of German University life

The application is returned herewith

Yours Sincerely,

Owen

These papers relate to the application of A Venkatasubbiah M A , for a scholarship to undergo a course of Sanskrit training in a German University where Comparative Philology is reported to be a necessary adjunct to Sanskrit The applicant has passed the M A Examination in Sanskrit

(2) The opinion of Professor M Rangachariy who valued Venkatasubbiah's answer papers in Sanskrit is that "the M A Examination in Sanskrit is rather a hard one and requires much study and thought" and that the young man "struck me as being one of the best whose papers I have had to value for the M A degree Examination" Mr Weir states that the applicant was a student of the Maharaja's College for several years, that he was keenly interested in the study of Sanskrit and that he is in a position to benefit from the lectures on Sanskrit in a German University

(3) Both the Councillors are of opinion that a scholarship may be granted to the applicant The Financial Department state that the proposed scholar-

ship

scholarship may be paid out of savings from the Damodar Das Fund

(4) In their Resolution No 721 dated 1st September 1908, the Government of India have instituted special scholarships for the Scientific study of Sanskrit and Arabic by Natives of India The value of each scholarship will be £150 a year and it will be tenable for 2 years The scholarship holder will also be provided with a free second class passage to Europe and also with a return passage if he completes the full period of residence or is compelled by sickness to return within that period

(5) The Government has held out a hope in its reply to subject No 214 of the Dasara Representative Assembly ~~subject~~ of 1908 that it is their intention to send qualified local men to Germany to study Sanskrit there

(6) A scholarship of £150 may be sanctioned to Venkatasubbiah and it is to be met out of Damodar Das Scholarship Fund The Inspector General of Education will be requested to prescribe the course which the applicant for scholarship should pursue It is unnecessary to connect this case with that of the Senior Professorship to which reference is made in
